The Wellbeing Blueprint: A blueprint for structural transformation

Six principles

1. Start with what matters to people: wellbeing.
2. Push against harms being concentrated in communities already facing the greatest adversity.
3. Build on, instead of undermining, social connections and social capital in communities.
4. Build financial security.
5. Span boundaries.
6. Set our default to sustaining transformation beyond the pandemic.

So what's next?

The background features abstract, overlapping geometric shapes in various shades of green, ranging from light lime to dark forest green. These shapes are primarily located on the right side of the slide, creating a modern, layered effect. The rest of the slide is a plain white background.

The Wellbeing Blueprint: A community of action

We share a commitment to:

- ▶ Everyone in the United States having a fair shot at wellbeing.
- ▶ The six core principles of the Wellbeing Blueprint.
- ▶ Recognizing that we can work for change even if we don't agree on everything.
- ▶ Taking action, centering on community.
- ▶ Using our power and influence— within public agencies we lead, communities we live in and champion, networks we support— to make structural changes.
- ▶ Working across boundaries and sectors.
- ▶ Honoring the generations of innovation, advocacy, resistance and struggle that this work builds on and contributes to.
- ▶ Staying in the long journey to social justice, facing the racism in ourselves and that our systems perpetuate and are rooted in.
- ▶ Learning, growing, changing and challenging each other to keep stretching.

If you believe everyone deserves a fair shot at wellbeing

- ▶ Be curious
- ▶ Engage with the Wellbeing Blueprint
- ▶ Submit an example
- ▶ Make a commitment to action in your community or the system you work in
- ▶ Make the Wellbeing Blueprint stronger
- ▶ Join a change cohort
- ▶ Share what you need and what you bring or anything else
- ▶ Join us
